to me

Hi Teri and the Committee,  
May I please make the following suggestions?

1) if we get to recommence bridge this year, could we consider extending the play through to Christmas?

2) please can we have some intermediate lessons next year, maybe on a Tuesday evening? Members are crying out for these!

Kate Terry has kindly agreed to do one of the Monday evening skills night for us - one of the ones she presented online about discipline. She is a wonderful presenter and would be a good one to consider asking to present intermediate lessons. I would like to see at least 10 or 11 lessons offered, based on the ones NZ bridge have now developed. (If she is not available then maybe Graham Stern and myself).

I have been teaching a group of eight wonderful, fun people to play and have persuaded 6 of them to join the club, still working on the other two! Six live at the Mount and the other two near Te Puke.

Thanks,  
Bren Birss
